

Tuesday, October 6

While National Night Out 2020 may feel a little bit different this year, the spirit of community is still strong!

Due to COVID-19, the Hopkins Police and Fire Departments are not encouraging social gatherings, and will not be hosting a large in-person kick-off event or visiting any neighborhoods this year.

The National Night Out #HopkinsUnited Challenge

Because we can't gather in large groups, we are asking individual families and neighbors to **do something good** for the community on October 6 and report back on social media with the hashtag **#HopkinsUnited**. The most creative effort will win a prize!

A Message from Police Chief Johnson

Hopkins Police Chief Brent Johnson will be joining families and neighbors via Facebook Live at 6 p.m. with an important community message.
